Blowtorch Cat. No. 343

Reference: 343

Price: 41,02 € Excl. Tax 49,22 € Incl. Tax

Description

This gas blowtorch can be used continuously for almost 80 minutes and its European-standard-valve cartridge Cat. No. 2015 can be fitted and removed with no loss of gas.

The Cat. No. 343 cartridge blowtorch is a reliable entry-level product that offers users excellent value for money.

It enables the brazing of copper pipes up to a diameter of 18 mm and can also be used to unjam oxidized metal objects or to light barbecues and all types of flames.

The Cat. No. 343 gas blowtorch is a handy tool for everyday jobs.

In addition, it can be used in all positions after a heating time of only 10 seconds.

To make handling safer, our plumbing torch has a built-in rotatable stabilizer stand.

It should be noted that with its new all-recyclable cardboard packaging, nearly 1,000 tonnes of plastic material have been saved.

This reference can be delivered within 72 hours of receipt of your payment.
