### ***Brazing rods with coating Cat. No. GE4CEZ3***

**Reference:** GE4CEZ3

**Price:** 14,54 € Excl. Tax 17,45 € Incl. Tax

### **Description**

Brass brazing rods Cat. No. GE4CEZ3 green coated special Soldering!

Soldering is the assembly of two identical or different metal parts, using a brass-based filler metal with a melting point that must be lower than that of the 2 parts to be assembled.

The specific advantages of this reference GE4CEZ3 include its high mechanical strength, ease of application and its stripper in the form of a coating.

Our reference GE4CEZ3 is sold in packs of 5 sticks.

This reference GE4CEZ3 is recommended for use on tubular constructions, locksmithing, small mechanical parts, metal furniture and automated workshops.

This soldering reference is available for sale online and can be delivered to you within 72 hours of receipt of your payment.
