Electric hot air welding tool in a carrying case Cat. No. 2023

Reference: 2023

Price: 486,00 € Excl. Tax 583,20 € Incl. Tax

Description

This electric hot air welding tool Cat. No. 2023 sold by Express Shrink Wrapping, operating on 230V, comes here in a carrying case that also includes two nozzles and a spare heating element.

It is also a universal tool as it can be used to weld all types of thermoplastic materials.

The electric hot air welding tool Cat. No. 2023 has a heating capacity of 1600 W, as well as a totally reliable electronic adjustment system that can withstand temperatures of up to 600 °C/1112 °F

The collector's carbon elements have a very long useful life, extending up to 1500 hours.

They are also equipped with a switching device and can be replaced several times.

The heating element's air-cooled outer housing can be used with many different nozzle types, in addition to the two supplied with catalogue number 2011.

The heating element's air-cooled housing can be used with various nozzle and accessories in plastic suitcase included types:

Cat. No. 20104: 40-mm flat elbow-nozzle

Cat. No. 20102: 40-mm flat nozzle

Cat. No. 20105: 1600 W heating element

Cat. No. 2023 is available at your usual Express dealer and for sale online.

Technical information

Attribute	Value
Nominal supply voltage	120 or 230 V
Frequency response	50 - 60 Hz
Output temperature (°F)	1112
Power (BTU/h)	546000
Noise emission level (dB)	< 67
Power cord (m)	3
Weight (kg)	1.555 with power adapter
Weight of the suitcase (kg)	3.5
