Flashback arrestors Cat. No. 2932 for regulators

Reference: 2932

Price: 59,25 € Excl. Tax 71,10 € Incl. Tax

Description

This EN 730-1-compliant pair of flashback arrestor valves Cat. No. 2932 is designed for the regulators Cat. No. 2930 and Cat. No. 2931 used with the Koro oxyacetylene torch Cat. No. 2907.

Supplied with ear clamps Cat. No. 963C, these arrestors fit on the outlet of the regulator with pressure gauge and ensure the safety of both the cylinder and the regulator.

They provide optimal safety for the protection of the user and the equipment. The blue arrestor must be used for the oxygen and the red for the acetylene.

As with all Express brand products, you can purchase these flashback arrestors at your

regular dealer.
