Multifunction blowlamp 8900

Reference: 8900

Price: 28,96 € Excl. Tax 34,75 € Incl. Tax

Description

An ergonomic and easy to use gas blow lamp!

This multi-purpose gas blow lamp (ref. 8900) by Guilbert Express, designed for copper and tin soldering and brazing, must be one of the most practical and easiest to use gas blow torch kits available. It is also, with its Piézo ignition, the ideal product for all those who work in cooking and pastry.

Complete with piezo ignition and metal nozzle, this gas blow lamp offers great autonomy (more than 1h15mn), and also features an ergonomic handle, giving users a better grip. When you buy from Guilbert Express, you can be certain of purchasing a high quality and reliable product.

And what's more, in common with our 8700 and 8800 gas blow lamps, the 8900 gas blow torch kit benefits from a 2 year guarantee.

This reference can also be delivered within 72 hours of receipt of your payment.
