Rafale shrinkforming gun 40 kW

Reference: 4040

Price: 1 124,11 € Excl. Tax 1 348,93 € Incl. Tax

Description

Guilbert Express Rafale shrinkforming gun 40 kW is a shrinkforming heat gun.

Its piezo ignition and its quick and swivel attachment makes this shrinkforming gun a powerful and effective tool.

Just like its 65 kW version Cat. No. 4065, the Rafale Cat. No. 4040, allows shrinkforming polyethylene covers of all thicknesses in the workshop or at the work site for bundling packages, parts or machinery of all shapes and sizes.

Rafale, a powerful, efficient and versatile shrinkforming gun!

This shrinkforming heat gun is connected to a 13 kg or 35 kg propane tank.

It is packaged in a carrying case and can be used in very diverse areas: Logistics - Packaging - Building - Boating - Aeronautics for shrinkforming, palletizing, bundling, burning, Containment, flaming and wintering type uses.
