Roofer Soldering Iron Cat. No. 63779

Reference: 63779

Price: 212,10 € Excl. Tax 254,52 € Incl. Tax

Description

This roofer soldering iron Cat. No. 63779 is silent and equipped with a burner for use with zinc, copper, stainless steel and lead. The connector on the handle Cat. No. 603CR 3/8" left-hand thread has:

- an elbow union to prevent the hose from breaking;
- a quick-connection system;
- a swivel design to make it easy to work in any position.

This soldering iron, which produce very little noise, reach its target temperature twice as fast as a conventional model.

Its design produce significant energy savings and a long useful life.

Its two-position base with a spring system makes it easy to switch to standby mode.

This item can be delivered to your home in just 72 hours upon receipt of your payment.
